

2024 Participating Attorney Fee Schedule

The 2024 Fee Schedule will be exclusively valid and effective where Covered Legal Services are begun on or after January 1, 2024. Where the Participant's or Insured's policy has renewed such that the benefits under the renewed policy match the benefits on this Fee Schedule or the Participant or Insured has applied and paid for a policy whose benefits match the benefits on this Fee Schedule.

Differing Plan Types and Policies

Texas Legal offers policies that contain significantly different levels of coverage to both groups and individuals. The three different policies are:

- (1) a comprehensive plan offered to groups, called the "Preferred" plan;
- (2) a limited plan offered to groups, called the "Select" plan;
- (3) a comprehensive plan offered to individuals, called the "Secure" plan

This Fee Schedule is structured to provide a clear overview of what benefits are offered under each plan.

Authorization Requirements

Texas Legal requires Participating Attorneys contact Texas Legal to obtain authorization prior to rendering any Covered Legal Services to a Participant or Insured. Securing authorization for Covered Legal Services confirms the availability of coverage for a specific legal matter under the relevant policy and for the specific Participant or Insured. It's important to note claims submitted for payment under Covered Legal Services will be denied if the required authorization was not obtained before rendering services.

Authorization Submission Method: Participating Attorneys or their staff are required to submit an authorization request for Covered Legal Services using one of the methods below:

- Provider Portal <https://portal.texaslegal.org>
- Online Authorization Form <https://texaslegal.org/attorneys/attorney-authorization> (Password: texaslegal)

Claim Submission Requirements

The requirements below outline the process and expectations for submitting claims for Covered Legal Services to Texas Legal. It's important for Participating Attorneys and their staff to adhere to these guidelines to ensure their claims are considered for payment.

Claim Submission Method: Participating Attorneys or their staff are required to submit claims for Covered Legal Services using one of the methods below:

- Provider Portal <https://portal.texaslegal.org>
- Online Claim Form <https://texaslegal.org/attorneys/attorney-claim-form> (Password: claim)

Claim Form and Required Documentation: All claim submissions must include a completed claim form with the appropriate billing codes, an authorization number, and the required documentation specified in the "Required Documentation" section of the Fee Schedule for each Covered Legal Service.

Request for Additional Documentation: Texas Legal staff may request additional documents to validate a claim. Texas Legal will make reasonable efforts to request necessary documentation for incomplete claims. However, if the required documentation is not received within five (5) days of the request, the claim will be denied.

Withdrawal from Representation: If a Participating Attorney withdraws from representing a Participant or Insured before completing the Covered Legal Services, they must promptly inform Texas Legal by email. A claim for Legal Services should be submitted following the procedures outlined in the Participating Attorney Agreement within 72 hours of withdrawal.

Claim Submission Deadline: All claim submissions are required to be submitted within a 90-day timeframe from the final date of service for the Covered Legal Service which the claim is being made. Failure to meet this deadline will result in the claim being denied without consideration.

Denied Claims: Denials due to missing information or insufficient required documents may be resubmitted. The missing articles in addition to the claim form, "Required Documentation," and any other relevant documents as determined by Texas Legal must be submitted within 90 days of the date on the Remittance Notice or Notice of Denial. For all other denials refer to the "Appeal Policy" section.

Claim Adjudication Schedule

Claims are subject to adjudication within ten (10) business days from the date of receipt by Texas Legal. The issuance of payment by direct deposit or a notice of denial will be communicated by email within the same ten (10) business day timeframe. Although it is the customary practice to release payments and denial notices on Fridays, it is important to note that Texas Legal maintains the discretion to issue them on any business day within the specified ten (10) business days as previously mentioned.

Appeal Policy

Participating Attorneys have the right to submit an appeal for denied claims, additional compensation beyond benefit maximum for highly complex matters, or any disagreement with a decision made by Texas Legal Staff. Describe the circumstances of your situation and include all necessary documentation in support of your request. Be sure to include the Participant or Insured name along with any relevant information relating to your appeal. Texas Legal management will conduct an independent review of the matter, and respond to the appeal with a determination within sixty (60) days of Texas Legal's receipt of the appeal. Submit your appeal and any relevant documentation to Texas Legal by emailing comments@texaslegal.org

Flat Fee Benefits

All flat fee payment amounts listed under the "Fee" section of the 2024 Fee Schedule are flat rate payments. Flat rate payments will be considered payment in full for rendering Covered Legal Services to a Texas Legal Participant or Insured, unless otherwise expressly noted in this Fee Schedule. Participating Attorneys may not bill a Texas Legal Participant or Insured in excess of this flat fee payment amount specified in the Fee Schedule, even if the Participating Attorney's customary rate is higher.

**** Hourly Benefits**

The hourly rate for Covered Legal Services is \$125 per hour. Each Covered Legal Service expressly noted as hourly in this Fee Schedule has a maximum number of hours covered by Texas Legal. Participating Attorneys may bill a Texas Legal Participant or Insured once the maximum number of hours listed under the Covered Legal Service have been exhausted. Participating Attorneys are required to provide the Participant or Insured a 25% discount from their customary rate for billable time beyond the benefit limits covered by Texas Legal.

Balance Billing

Balance billing is allowed by the Participating Attorney under specific circumstances. When the following condition is met: the maximum number of billed hours available per the Participant's or Insured's policy have been reached by the Participating Attorney as stated in this Fee Schedule for the specific Covered Legal Service. Participating Attorney may enter into a written agreement with the Participant or Insured for payment of any further billed hours incurred for that Covered Legal Service, so long as the Participating Attorney offers a 25% discount from the customary rate the Participating Attorney charges for those services.

Interim Billing

Texas Legal does not make interim payments for Covered Legal Services. Claims submitted for ongoing legal matters still in progress which have not been concluded will be denied. Participating Attorneys must complete the Covered Legal Service and conclude the legal matter prior to submitting a claim for payment consideration. The only exception is expressly noted in this Fee Schedule and only applies under the Bankruptcy and General Legal Services benefits. Texas Legal requires the claim submission to fully comply with the Claim Submission Requirements as stated in the section "Claim Submission Requirements".

Out-of-Pocket Expenses/Incidental Fees

Texas Legal policies provide coverage only for the Participating Attorney's billable time expressed either as a flat rate payment or an hourly benefit. In all instances, Texas Legal Participants or Insureds are responsible for any applicable Out-of-Pocket Expenses/Incidental Fees. Such fees are excluded from Covered Legal Services and include but are not limited to ancillary matter-related expenses like filing fees, court costs, reporter's fees, travel and other miscellaneous costs in any proceeding.

Recovery of Attorney's Fees & Return of Claim Payment

In the event Participating Attorney is awarded attorney's fees and/or costs in a judgment, settlement, order, or similar process, and the fees and/or costs are received by the Participating Attorney, the Participating Attorney shall reimburse in accordance with the fees and costs awarded. For example, if costs are awarded which were paid by the Participant or Insured and/or Texas Legal, the Participating Attorney shall reimburse the Participant or Insured first and, if any award is remaining, reimburse Texas Legal up to the amount Texas Legal paid. After such reimbursements are made in full, the Participating Attorney may retain any balance of the fee awarded.

Definitions – The following definitions apply to this fee schedule:

Contested – where the parties are adversarial and the attorney must negotiate with his/her client and the opposing party towards an agreement on at least one legal issue; or where the parties refuse to negotiate and a third party must decide on the behalf of both parties.

Covered Legal Services – are services specifically covered under the Participant's or Insured's policy benefits and/or not specifically excluded from coverage. Each Covered Legal Service can only be claimed once per plan year. With the exception of General Legal Services and Consultations which may be claimed multiple times, however, is limited to the max allotted hours per the Participant's or Insured's Policy.

Disposition of Court Proceedings – evidence from the applicable court proving that a legal matter has concluded. As in the complete File Stamped Signed Order (ex: final orders in a Family Law case).

Itemized Invoice – invoice from the applicable attorney/firm with time itemized by date and fractions of an hour with brief legal description. Invoice must be consistent to billing code(s) and dates of service selected on claim form.

Non-Covered Services – "Non-Covered Services" are either (1) legal services for a legal matter that is not covered and specifically excluded under a Participant's or Insured's policy or (2) the legal services provided after a Participating Attorney has exhausted the maximum possible benefit available for a Covered Legal Service that an effective and applicable Texas Legal Fee Schedule expressly states has limited coverage. Option (2) may only be provided at a 25% discount off of the Participating Attorney's normal and customary rate.

Self Propelled Vehicle – a vehicle of any type, powered by any type of motor or engine, including, but not limited to, automobiles, trucks, motorcycles, motor bikes, boats, snowmobiles and airplanes.

Trial – the proceeding in court when the parties try their case beginning with the impaneling of a jury in a jury trial and with opening statements of the parties in a non-jury trial; trial does not include appearances on hearings, motions, pre-trial conferences, negotiated pleas, or appearances and continuance by a court.

Uncontested – where all parties have agreed in writing to the legal action, all required consents are attainable, and the legal action is not challenged.

SUMMARY OF CERTIFICATE/POLICY PROVISIONS

All Certificates and Policies provide coverage only for legal actions instituted and legal advice or services sought while the Named Participant's Certificate or Policyholder's Policy is in effect. The legal action or event giving rise to the legal issue must have occurred during the period the Participant's Certificate or Insured's Policy is in effect. Texas Legal will pay for Covered Legal Services so long as the client remains a Participant or Insured on a Certificate or Policy for which payment is current, up to the limits stated in the Certificate or Policy. The date of alleged criminal offenses, file dates on suits, dates of alleged breach of warranty/contract/DTPA violation, and the date of death of an individual whose estate the Participant/Insured wishes to probate must occur during the time the Participant's Certificate or Insured's Policy is in effect. The Participating Attorney must be employed during that same time.

Occurrences that arose prior to coverage being available, and are not specifically excluded from the policy, will be considered pre-existing and not covered under the Covered Legal Services; however, Participants or Insureds would be eligible for a 25% discount off a Participating Attorneys normal customary rate.

The descriptions of the Covered Legal Services and their limitations in this document are references to language in the Participant's Certificate of Coverage, the Insured's Policy, and any endorsement attached thereto defining the Covered Legal Services available. In the case of discrepancy between the Certificate, Policy, or any endorsement and this Fee Schedule regarding the definition, availability, or limitation of a Covered Legal service, the Certificate or Policy under which the Participant or Insured is the beneficiary will control.
