Get Advice from the Experts

Since coronavirus has limited the ability of folks to meet in person with an attorney, we decided to try bringing our attorneys to you in some live events on Facebook. If you missed these great live events, don't worry - you can still catch the replay here:

**What Legal Topics Do You
Want To Know More About?**

Although COVID-19 inspired these Facebook live events, we've been delighted at their success in bringing helpful legal information to Texans. As we continue planning more live events for the future, what topics would you want us to cover? We'd love it if you filled out this brief survey telling us what legal topics would be helpful to you and your family.
